fill more balloons for less

Look for these helpful symbols placed throughout the Spring into Summer 2024 Catalog.

Helium Savers® XL*

- 20% helium cost savings compared to industry standard/18-inch balloon but only 4% less surface area
 - More than \$400 of additional balloon sales*
- More than 100 HeXL® balloons per helium tank industry average*

*based on 219 cu ft tank and retail price of \$3.99 per standard balloon.

XtraLife® Technology

- Balloons made with Anagram Xtralife® Technology stay fuller and look fresher longer, lasting 3 to 5 times longer than non-XL® foil balloons
- Longer life means less re-inflation, saving time and money
- Available in a variety of shapes and sizes

Helium Savers® Jumbo

- 25% smaller
- Save up to \$0.50 in helium per balloon

Orbz® XL™

- Retain helium 3-5 times longer than non-XL™ foil balloons!

created for air™

Anagram has always led the industry in innovation, and our ever-expanding line of balloons created specifically to be filled with air are no exception! Look for this icon throughout this catalog to identify Anagram products specifically designed for air inflation, no helium required.

it's easy to be helium free™

Any Anagram balloon can be filled with air and displayed in a variety of ways to create a festive and fun-filled party or event! Here are some ideas to help inspire.

air-filled fun

Fill with air using a hand pump or an electric pump. Fasten to a wall using adhesive.

string 'em up

Attach to a ribbon or string to create a banner or backdrop. Our Letters, Numbers + Phrases as well as many new SuperShape® and Standard Shape balloons have hang tabs. Look for this call out throughout the catalog: **hang tabs**

more décor!

Arrange air-filled balloons around any space to create a fun party scene!

new format

airwalkers® with inflatable tails

This new AirWalkers® format features a jumbo balloon on top with a cascading inflated foil tail that coordinates. The balloon also includes weights that, when attached, makes the balloon seem to 'walk on air' like other Anagram AirWalkers® formats.

new format

insiders®

Anagram's new Insiders® product line consists of two balloons- one inside the other. By creating an exciting 3-D effect, this new format takes the work out of the challenging DIY process of stuffing balloons inside one another with the ease of two inflation points! How is it done? The outer balloon 'shell' is made from a clear plastic film and the inner balloon (made of foil and which looks like 5, smaller individual balloons) are sealed together, both with self-sealing valves.
