clear film

Balloons are printed on a clear film.

multi-film

Balloons feature a combination of clear and metalized films.

non-foil

Anagram Latex

Better Together! Indicates which Anagram Latex colors coordinate with our foil designs and are featured in our lifestyle photography.

Created for air™

Anagram has always led the industry in innovation, and our ever-expanding line of balloons created specifically to be filled with air are no exception! Look for this icon throughout this catalog to identify Anagram products specifically designed for air inflation, no helium required.

It's easy to be helium free™

Any Anagram balloon can be filled with air and displayed in a variety of ways to create a festive and fun-filled party or event! Here are some ideas to help inspire.

Air-filled fun!

Fill with air using a hand pump or an electric pump. Fasten to a wall using adhesive.
